THE WEEKLY DIGEST

February 25, 1968

Section TWO

Vol. 55, No. 8

INDEX TO VOLUME 54

JULY THROUGH DECEMBER 1967

Items in QUOTE arranged alphabetically according to subject matter, are regularly assigned an index number. In the semi-annual index, the first numeral in each reference indicates the page, the second numeral refers to the location of the item on that particular page, according to its index number. Thus, in the first column of this index, "Accomplishment — 2-1;" tells you that an item on Accomplishment will be found on page 2 under number 1.

One or more letters following a page number, refer to material in regular departments. For example: "Houses, Paper — 100-N1;" indicates that an item on that subject is in **New Ideas** on page 100. The reference to "Americans — 98-v;" means that an item on that subject will be found in the regular **Good Stories** section on page 98 under index letter v.

Quotations in the section **May We QUOTE You On That?** are also numbered and a reference such as "Patriotism—21-1Q;" refers to a quotation on that subject on page 21 in the **May We QUOTE . . .** section. When the letter "t" follows the Q as in the reference "Television—100-2Q-t;" it indicates the special **Quote-ette** feature on page 100.
